

Domain Hosting

Get Your Own Domain Name & Make Your Business Look Professional

- ✓ Get a Domain for both your Business Website and Email accounts
- ✓ Australian Domains
- ✓ International Domains
- ✓ Option to Host Your Domain, Website & Email in our Cloud
- ✓ All on One Bill

Your internet domain hosted on our servers.

It's a business essential to have your own website domain and email but you don't necessarily have your own servers, so take advantage of our business grade servers in first rate data centres.

Hosted websites with unlimited traffic.

If you have an existing website then you can simply upload it to our servers and enjoy our first rate data centre offering all the security of complete redundancy and fail-over backups.

Hosted mail with POP3 and webmail access.

Set-up any number of email addresses under your own domain. Nothing makes you look more unprofessional than you@bigISP.com.au, where as you@yourdomain.com.au makes you look pro.

Why Choose Us?

Because we give the kind of service you just can't get from the big telcos.

One Bill

We're a full service telecommunications provider meaning we can provide all your communications on one single bill. So that's one simple payment per month and one company to deal with. Just makes life simple.

Direct Contact

When you're with us you'll have our direct contact details so if you've got a question you know who to come to. It's the kind of personal service the big telcos just can't offer. Their loss, your gain.

Choice of Networks

We know reliability is crucial, it's just got to work. So we only partner with the tier 1 networks so you get the service you're paying for, in more places. And better still, we can offer the network that suits you, not us.

A Communications Partner

We believe in being a valued partner to our clients by offering honest and straightforward advice. We don't make the sale and run, we're here to stay, and we're here to do whatever we need to keep you happy.
